EXAMINER'S COMMENT

1. An Applicant's Amendment filed on October 17, 2005 has been entered. Claims 5 and 12 have been amended. Overall, claims 1-5 and 7-13 are pending in this application.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

As indicated on page 10 of Applicant's Amendment, applicant persuasively argues that Udagawa fails to disclose or teach "setting a correction factor and acquiring correction information by reading the output from the pressure sensor when the engine is not running". It seems that Udagawa does that when the engine is under an idling condition where the engine speed is greater than zero.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
